WORKING MODELS

PROJECT BASED MODEL

In this model, we submit a total project cost bid to clients and seek their approval for commencing the project. Generally, this model is most preferable for small to medium sized projects.

STUDIO MODEL

This model is suitable for large commercial projects where clients hire our resources on a retainer basis for a per month cost.

Note: We seek at least a 3 months contract from our clients opting for this model.

PRICES

PROJECT BASED MODEL

\$15 PER HOUR

These prices may vary according to the size & complexity of the project

STUDIO MODEL

1 RESOURCE	2 RESOURCES	3 RESOURCES
from	from	from
\$2720	\$5120	\$7200
(160 hours per month)	(320 hours per month)	(480 hours per month)

*These prices are based on standard sizes and complexities of the model; actual prices may differ after reviewing the architectural files.

PAYMENT TERMS

PROJECT BASED MODEL

Invoices will be generated at the following stages:

- An initial 50% deposit before commencement of the project.
- And, rest at the completion of the whole project. (After redlines, if there comes any)

STUDIO MODEL

In this model, invoices are generated at the beginning of every month as per the contract signed.

ADVANTAGES & DISADVANTAGES

PROJECT-BASED MODEL

ADVANTAGES

- No Client-side Work Commitment Required
- Ideal for Streamlined Execution on Smaller-scale Projects
- Invoices Issued upon Project Completion

DISADVANTAGES

- No Efficiency is Retained
- Regular Communication Needed for Both Parties
- No Direct Communication with Assigned Resource

STUDIO MODEL

ADVANTAGES

- Committed Resource
- Retains Efficiency
- No Wait for Bid Approval
- Saves Cost & Time by Streamlining the Process
- Customizable According to Client

DISADVANTAGES

- Not Suitable for Smaller-scale Projects
- Boundation of Contract
